

BEST PRACTICES ROUND TABLE

PLEASE JOIN HUDSON AS WE DISCUSS WAYS TO HELP YOUR COMPANY SAVE MONEY ON EXTERNAL AUDIT

Gary Hornyak, Practice Director and Bill Fuller, General Manager will be facilitating our discussion. They will share historically proven methods that go beyond just cutting costs to increasing productivity and efficiency.

We will focus on what internal audit can do to reduce external audit costs related to both financial and internal controls. Best practice discussion points will include:

- How to reduce your costs for compliance
- How to work more efficiently with your external auditor
- How to better understand your external auditor's requirements

We look forward to hearing your thoughts and questions. It is our goal for participants to come away with new connections, bright ideas, and a fresh perspective to share with their teams.
